1. Introduction

At Veracity Training Services ("Company", "we", "our", "us") we're committed to celebrating and sharing the positive experiences in our courses while respecting the privacy and preferences of all participants. In line with Australian law, we have outlined our approach to capturing photos and videos (which may include audio) during our sessions.

2. Consent to Photography & Videography

By attending a course with Veracity Training Services, you grant automatic consent for us to capture photos and videos (which may include audio recordings) during the session(s). These images and recordings help us document the learning, growth, and positive atmosphere of our training. They may be used for promotional purposes, including on our website, social media, and in printed resources.

3. Use and Storage of Media

Photos, videos, and audio taken during our events are utilised professionally to increase mental health wellbeing and literacy and promote our training services. We handle all media in line with Australian privacy laws and do not share these images, videos, or audio with third parties outside of Veracity Training Services without prior approval. All media is securely stored to protect your privacy.

4. Withdrawing Consent

While consent is automatic upon participation, we respect your preferences and aim to ensure everyone feels comfortable. If you would prefer not to appear in any photos or videos, please let us know at the start the training session. Additionally, if you later wish to have a specific image or video removed from our materials, contact us, and we will be happy to accommodate your request to the best of our ability.
